### **TREASURE TROVE IN THE OLIVE GROVE**

A unique opportunity to acquire an established and exceptionally successful horticulture venture that's consistently experienced year-on-year growth while scooping a succession of industry accolades over the past 15 years.

Set on 20 acres supported by a temperate micro-climate, 'Kapiti Olives' is renowned for its premium grade award winning extra-virgin olive oil with its products being the preferred olive oil of choice of acclaimed chefs and restaurants around New Zealand.

Kapiti Olive Oil was one of two NZ brands selected by the USA Olive Society to promote international extra virgin olive oils in 2005 and since that time has consistently won top awards including several "Best in Class" and "Best in Show" honours.

Kapiti Olives has achieved strong local market penetration including big-brand chain supermarkets, boutique farmers markets and specialist retail outlets. The company has a readily recognised label and branding profile supported by a strong on-line presence with steady internet sales and growth indicators pointing to future potential to export.

Kapiti Olives undertakes its own growing, blending, bottling, marketing and distribution but uses contract pressers for oil extraction. The business can be managed by one or two people on a part or full-time basis depending on lifestyle demands.

Having built up this venture from a small co-operative to an industry-leader, our vendors are now selling to realise long held ambitions to travel.

The business comes complete with a comprehensive chattels/plant inventory for turn-key hand-over with the vendors able to assist the purchaser for a specified period during the transition phase.

An aerial photograph of a vast olive grove in New Zealand. The trees are arranged in neat, parallel rows, creating a grid-like pattern across the landscape. In the background, a large, rounded mountain rises against a clear blue sky with a few wispy clouds. The foreground shows the dense canopy of the olive trees, with some green grass visible between the rows.
